

**Road Map 2016 Meeting
FINAL AGENDA**

Brussels, Friday 20th May 2016

Covent Garden, (meeting in 15 floor, SDR1 room - only accessible accompanied by EC staff)

Plenary Meeting	
9:30-9:45	Welcome coffee from 9h Introduction Mss H�el�ene Chraeye (HoU) and Anne de Baas (PO)
9:45-10:15	Ms. Nadja Adamovic Brief presentation of EMMC and the key identified topics in Roadmap 2015, contribution to the WP2016/2017 Presentation of the procedure and the global outcome of the EUSurvey (for the updated version of the EMMC Roadmap 2016)
10:15– 12:15	Mr. Pietro Asinari and Ms. Kersti Hermanson <i>Status of collected needs/key topics needing action in Europe</i> This part will include all topics from the Survey: <ul style="list-style-type: none"> - Materials Model Development, enhance the use of discrete models, enhance coupling and linking, extracting materials properties from models, extracting the accuracy of different models, - Integration of materials models with manufacturing and processing (Industry 2020), - Integration of Materials Modelling in Business processes, - Materials Modelling Market Place and Dataspaces, - Integrated Workflows and Interoperability including experimental data - Coordinating network: Enhancing the uptake of material modelling by Manufacturers. Outcome of the April 19th meeting with Nanosafety Cluster: <ul style="list-style-type: none"> - Modelling to alleviate citizen’s concerns on health and toxicity The priority list of EMMC proposed topics needing action will be presented.
12:15 – 13:15	Lunch Break
13:15-13:45	Standards and requirements in LEIT –NMBP on proposals (Emanuele Ghedini)
13:45-14:05	Interoperability and metadata - major outcomes from recent workshops (IntOp and ICMEg) (Adham Hashibon)
14:05-14:25	Translation of industrial problems into materials models (Daniel H�oche)
14:25-14:45	Supply and industrial use of materials modelling software (Kurt Stokbro)
14:45-15:05	Determining and measuring impact of materials modelling (Gerhard Goldbeck)
15:05-15:25	Needs of End-Users on materials modelling (Rudy Koopmans)
15:25-15:45	European Materials Characterisation Council -EMCC (Marco Sebastiani)
15:45-16:00	Coffee Break
16:00-17:00	Continued Discussion of updates to the draft Road Map Outcome: EMMC Road Map 2016
